Subject: Reminder: Q&A with EPA 3/12 From 6:00-8:00PM

Dear PHCC Members and Supporters,

Things are moving! Over the last few meetings, we have formed working groups to address media and communications, education and outreach, Willamette River Revival Festival planning, Willamette Cove, and more. Thanks to all that have participated so far, and it's not too late for others to join us!

On **Thursday, 3/12 from 6:-8:pm**, we have a chance to interact with Environmental Protection Agency (EPA) officials. This is an important gathering that will help us improve our collective understanding of what's happened in the past and what could happen moving forward.

We will hear a short presentation from EPA officials, and then there will be plenty of time for questions. Come with your questions about the Portland Harbor. Everything from the cleanup process to public participation, impacts on houseless people living near the river to job training. It is possible that we will also have City of Portland representatives on hand.
